- For the April school/race wknd, we had budgeted for approx. \$200 extra; we made about \$100 over expenses.
- HOWEVER, the Sat April wknd event dinner PARTY had expenses covered by MC, so.. we actually made about \$700 over expenses.
- NSSCC has 128 paid memberships for 2016 (our dues is paid to MC)... and growing.
- [www.MOTORSPORTSREG.COM](http://www.MOTORSPORTSREG.COM) is working well, along with electronic payments at the track.

- Medicals: there's actually very minimal done by doctors, etc

### **RACE WEEKEND REPORT (John S., Scott, Nancy):**

- April wknd was successful
- W2W – “Advanced Auto Sports” had about 30 Mazdas entered
- HSAX – we only had 4 entries... why? Cost factor? (\$300/day?)... disappointing turnout
- Sunday W2W had a red flag to stop all cars
- Sunday W2W had about 75 cars/entries (we budgeted ~66 cars/entries)
- MSR.com was easy to accept entry’s payments using credit cards (or checks)
- MSR.com has received favorable club membership compliments
- We did NOT make “workers gifts”... no negatives received so far
- We budgeted approx.. \$350 for beverages... we spent only \$325
- Great weekend weather!!!
- Question: did we lose entries to another race group (NASA, others)?.... NO!
- Most Saturday racers stayed into Sunday
- Saturday W2W school had about 36 entries
- “Chiefs” are not well organized (Nancy)
- Chief of Flagging to be determined (Nancy)
- Radios are in need of improvement (Nancy)... head-sets perhaps would be better!
- Scott and Rob (NSSCC) did most of the weekend “work”... despite NSSCC being the 2<sup>nd</sup> largest MC club!
- We need more “volunteers (55+1)... (John S.)
- We should be planning our July 4<sup>th</sup> race wknd so that we don’t have similar worker/chief problems.
- Dave (Tech) suggest that a back-up for him be available
